

**Amendments to the Specification:**

Please amend the specification on page 22 by replacing the first full paragraph on page 22, lines 11 to 17 with the following paragraph:

After the partially digested food is pumped out of the upper digestive system of the patient by the cylindrical pump 6, the food is preferably stored in a bag 12 which is attachable to the distal barbed portion 6f of the cylindrical pump 6 as shown in Fig. 7. The bag 12 is ideally opaque and scented and may be worn by the patient on a belt or other strap.
